Product Overview

Smart Motion-Activated Illumination

This LED motion sensor bowl light provides a convenient, hands-free lighting solution for your bathroom. Designed for automatic operation, it detects movement to activate when you approach and turns off automatically after you leave. With adjustable brightness and multiple color modes, it offers both functionality and customizable ambiance for any environment.

Technical Specifications

Sensor Detection Distance

3 m

Max Distance

Sensor Delay Time

45s - 60s

Power Requirements

3 x AAA Batteries (not included)

Product Dimensions

100 x 160 x 30 mm

Features & Functionality

Lighting Modes

- Fixed color mode
- Alternate color mode (random change every 5 seconds)

Sensor Type

PIR Motion Sensor • Light Sensor

Brightness Control

Yes
