

# LED Street Light for Outdoor Illumination

This LED street light is designed for efficient and reliable outdoor illumination. The robust housing incorporates an integrated heat sink for optimal thermal management and extended lifespan.

## ADDITIONAL IMAGES

## Product Overview

### High-Performance Outdoor Illumination

This high-performance LED street light is engineered for efficient and reliable outdoor illumination in demanding environments. Featuring a robust housing with an integrated heat sink, it ensures optimal thermal management for an extended operational lifespan. The advanced LED array provides high lumen output with excellent color rendering, making it an ideal solution for streets, parking lots, and large area lighting applications.

## Technical Specifications

### Available Power Ratings

- 50W
- 100W
- 150W
- 200W
- 250W

Photocell Compatibility

Yes

## Design & Construction

Housing Construction

Robust Housing, Integrated Heat Sink, Durable Black Finish

Mounting Style

Cylindrical mounting post

## Performance Metrics

Light Distribution

Rectangular LED array for broad and uniform distribution
