Product Overview

High-Level LED Tail Lamp for 2020 D-MAX

This high-level LED tail lamp is specifically engineered for the 2020 D-MAX model, offering a seamless upgrade or replacement solution. Featuring advanced LED technology, this assembly provides enhanced visibility and safety for the vehicle. The durable construction ensures long-lasting performance and resistance against harsh environmental conditions, while the precise design guarantees an easy installation process that maintains the vehicle's original aesthetic.

Technical Details

Lighting Technology

LED

Compatible Year

2020

Part Reference

317-2257R-200-517

Manufacturing Origin

Thailand

Key Features

Integrated Functions

- Stop Light
- Tail Light
- Turn Signal

Performance Highlights

1 Type

High-Level Design
