

LED Tower Flood Light

This slim LED flood light is lightweight and has an attractive appearance. It is designed for outdoor illumination, security lighting, and general area lighting applications.

Product Overview

High-Performance LED Tower Flood Light

This high-performance flood light is engineered with a durable 6063 aluminum shell, ensuring excellent thermal management and longevity. Designed for versatility, it operates on universal AC input voltages or DC power, making it suitable for a wide range of industrial and outdoor applications. With an impressive efficacy of 145Lm/W and an IP65 rating, this fixture provides reliable, energy-efficient illumination even in challenging weather conditions.

Performance Metrics

Power Options

- 60
- 100

Luminous Efficacy	145 Lm/W
Beam Angle	45 degrees
Average Lifespan	50000 hours

Electrical & Compatibility

Input Voltage	AC90-305V, DC24V
Dimming Support	Yes

Construction & Durability

Ingress Protection

IP65

Housing Material	6063 Aluminum
Key Features	Thermal Design, Lightweight, Insulation Property
