

LED Tunnel Light

This LED tunnel light is engineered for optimal illumination in tunnel environments. It comes in power options ranging from 60W to 250W, with a wide voltage input of AC85-265V and a color temperature range of 3000-6500K.

Product Overview

High-Performance Tunnel Illumination

This LED tunnel light is engineered for demanding tunnel environments, providing reliable and efficient illumination. With a robust design and weather-resistant IP65 rating, it ensures long-term durability and consistent performance. The unit supports a wide voltage range and offers versatile color temperature options to suit various visibility requirements.

Technical Specifications

Power Output

60 W Min Power	250 W Max Power
--------------------------	---------------------------

Input Voltage	AC85-265V
Color Temperature	3000-6500K
Lifespan	30000 hours

Compliance & Ratings

Ingress Protection

IP65

Suitable Environments	Tunnel, Outdoor, Weather-resistant
