Product Overview

High-Efficiency Industrial Lighting

This LED UFO high bay light is engineered with a durable aluminum punching shell, ensuring excellent heat dissipation and long-term reliability in demanding environments. It offers versatile performance with multiple wattage and beam angle options to suit various industrial and commercial layouts. Designed for longevity, this lighting solution provides high-efficiency illumination with a service life of up to 50,000 hours.

Technical Performance

Light Efficiency

130 lm/W

Luminous Efficacy

Available Wattage

- 100W
- 150W
- 200W

Beam Angles

- 60°
- 90°
- 120°

Service Life

50000 hours

Construction & Design

Housing Material

Aluminum punching shell

Advanced Heat Dissipation

Yes

Applications

Recommended Environments

Warehouse, Factory, Stadium
