

LED Vapor Tight Light Fixture

This LED vapor tight light fixture is a durable and energy-efficient lighting solution. Its sealed construction protects against moisture, dust, and corrosion.

Overview

Durable Industrial Lighting

The LED Vapor Tight Light Fixture is a robust and energy-efficient lighting solution engineered for demanding environments. Its sealed construction provides reliable protection against moisture, dust, and corrosive elements, making it an ideal choice for industrial settings, parking garages, car washes, and food processing facilities. This fixture delivers bright, uniform illumination while utilizing long-lasting LED technology to significantly reduce energy consumption and maintenance requirements.

Key Features

Protection Rating

Vapor Tight • Moisture Resistant • Dust Proof • Corrosion Resistant

Ideal Applications

Industrial Facilities, Parking Garages, Car Washes, Food Processing
