

LED Work Light for Forklifts

This LED work light is EMC enhanced to CISPR25 CLASS5. It is an OE light suitable for German forklifts.

Overview

High-Performance Forklift Illumination

This 40W LED work light is engineered specifically for demanding industrial environments, including forklifts and heavy machinery. Featuring advanced OSRAM LED technology, it delivers a powerful wide flood beam to ensure maximum visibility and safety during operation. With robust ingress protection ratings and electromagnetic compatibility, this light is built to withstand harsh weather conditions and rigorous daily use.

Performance Metrics

Key Performance Metrics

| | | |
|-----------------------------|------------------------------------|------------------------------------|
| 40 W Power Output | 3300 lm Effective Lumens | 5700 K Color Temperature |
|-----------------------------|------------------------------------|------------------------------------|

Electrical Specifications

| | |
|-------------------|-----------------------|
| Operating Voltage | DC 10-30V |
| Connector | Built-in DT Connector |

Durability & Standards

| | |
|--------------------|------------------|
| Ingress Protection | IP68, IP69K |
| EMC Compliance | CISPR 25 Class 5 |
| Warranty | 3 Years |

Technical Details

| | |
|----------------------------|-----------------|
| Beam Pattern | Wide Flood Beam |
| Light Source Configuration | 4 x 10W LEDs |
