

Left Hand ASME B94 11M Standard Drill Bit

This is a left-hand series drill bit. It conforms to ASME B94 11M standards.

**Left hand series
ASME B94 11M**

Size	Decimal	Flute Length	Overall Length
1/16	.0625	7/8	1-7/8
1/8	.1250	1-5/8	2-3/4
1/4	.2500	2-3/4	4
1/2	.5000	4-1/2	6

DIN338

Size	Decimal	Flute Length	Overall Length
1	12	34	34
3	33	61	61
6	57	93	93
13	101	151	151

Product Overview

Precision Engineering for Reverse Drilling

These left-hand drill bits are manufactured to comply with the ASME B94.11M standard, ensuring consistent performance for industrial applications. Designed for reverse rotation, they are ideal for removing broken studs or bolts and are available in a comprehensive range of fractional inch and DIN338 metric sizes. Each bit is engineered for durability, with split-point geometry available on all sizes from 1/8" and above to enhance centering accuracy.

Standards & Compliance

Compliance Standards

ASME B94.11M, DIN338

Product Features

Key Features

Left-Hand Rotation • Split Point (1/8"+) • Fractional Inch Sizing • DIN338 Metric Sizing

Technical Dimensions

Imperial Size Reference

Size	Decimal	Flute Length	Overall Length
1/16	.0625	7/8	1-7/8
1/8	.1250	1-5/8	2-3/4
1/4	.2500	2-3/4	4
1/2	.5000	4-1/2	6

Metric (DIN338) Size Reference

Dia (mm)	Flute Length (mm)	Overall Length (mm)
1	12	34
3	33	61
6	57	93
13	101	151
