

Lever Action Grease Gun

This grease gun features a chrome-plated steel barrel for enhanced durability and resistance to corrosion. It is equipped with a lever-action handle that provides high-pressure grease delivery for effective lubrication of machinery and equipment.

Product Overview

Professional Lever Action Grease Gun

This heavy-duty grease gun is engineered for reliable performance in automotive and industrial maintenance environments. Featuring a robust chrome-plated steel barrel, it offers excellent durability and resistance to corrosion. The lever-action mechanism ensures high-pressure grease delivery for efficient lubrication of machinery and equipment.
