

# Lever Hoist for Lifting and Pulling

This heavy-duty lever hoist is designed for lifting and pulling applications. It features a robust construction with a high-strength alloy steel chain and a durable lever mechanism.

## Product Overview

### Heavy-Duty Lever Hoist

This lever hoist is engineered for demanding lifting and pulling applications across construction, manufacturing, and maintenance sectors. It features a robust, durable shell and high-strength G80 grade manganese steel chains for reliable operation. Designed with safety in mind, the unit includes a load protection device, secure safety latches, and intuitive UP/DOWN indicators for ease of use in confined spaces.

## Technical Specifications

### Rated Capacity

**1.5 TON**

Rated Capacity

### Material Composition

- G80 Grade Manganese Steel Chain
- Alloy Steel Gears
- Durable Protective Shell

### Manufacturing Process

Carburizing quenching treatment on gears for low noise and high efficiency

## Safety & Compliance

### Safety Features

Load Protection Device • Safety Latch on Hooks • Weston Ratchet Pawl

### Certifications

CE

## Operation

### Operational Features

- Quick chain position adjustment
- Hand wheel for manual control
- UP and DOWN directional indicators
