Product Overview

High-Performance Li-ion Charging Solution

This professional-grade battery charger is engineered for reliable and efficient power delivery to lithium-ion battery packs. With a robust 945W output, it is specifically designed for demanding applications including electric bikes, scooters, motorcycles, and cleaning equipment. The unit features an aluminum alloy housing for durability and includes clear LED status indicators to ensure safe and convenient operation.

Electrical Specifications

Output Power

945 W

Power Output

63 V

Output Voltage

15 A

Output Current

Input Voltage Range

110-132VAC / 200-264VAC

Compatibility

Supported Chemistry

Li-ion

Cells in Series

15 S

Typical Applications

E-bike, Electric Scooter, Electric Motorcycle, Cleaning Equipment, Golf Cart

Physical Characteristics

Dimensions

264 x 120 x 89 mm

Net Weight

2.1 kg

Housing Material

Aluminium Alloy

Compliance & Warranty

Certifications	CE
Warranty	12 months
