

Linesman and Long Nose Pliers Set

This set includes linesman and long nose pliers. The pliers are available in various sizes, ranging from 5" to 8", with corresponding lengths from 130mm to 220mm.

Product Overview

Versatile D-Style Plier Series

This professional-grade collection features D-style pliers designed for precision and durability. The range includes both linesman and long-nose configurations, available with standard shoulder designs or ergonomic TPR handles for improved grip. With sizes spanning from 5" to 8", these tools are engineered to handle a variety of gripping and cutting tasks in industrial and workshop environments.
