Overview

High-Performance 600W Charger

This 600W smart charger is engineered for efficiency and reliability in demanding charging environments. Featuring a durable aluminium alloy housing for optimal heat dissipation, it provides a stable power output of 29.2V at 18A. Designed for versatility, it supports various battery chemistries, making it an ideal power solution for electric motorcycles, scooters, and e-bikes.

Technical Specifications

Compatible Battery Types

- Li-ion
- LiFePO4
- Lead Acid

Output Power	600 W
Output Voltage	29.2 V
Output Current	18 A
Input Voltage Range	110-132VAC, 200-264VAC

Physical & Build

Dimensions	173 x 90 x 63 mm
Net Weight	1.35 kg
Housing Material	Aluminium Alloy

Compliance & Warranty

Certifications

CE

Warranty

12 Months

Features

Key Features

- LED charging status indicators (Red: Charging, Green: Fully Charged)
- Over-voltage and electric shock protection
- Compact and durable design
- Compatible with country-specific socket standards

Applications

Electric Motorcycle, Scooter, E-bike
