## Product Overview

### High-Efficiency Li-ion Charging Solution

This professional-grade charger is engineered for reliable performance with 20S Li-ion battery systems. Housed in a durable aluminium alloy casing, it provides consistent power delivery for a wide range of electric vehicles and cleaning equipment. With global input voltage compatibility and essential safety certifications, it serves as a versatile solution for demanding commercial and private applications.

## Technical Specifications

### Output Power

**126 W**

Total Power

**84 V**

Voltage

**1.5 A**

Current

**Input Voltage Range** 110-132VAC / 200-264VAC

**Cells in Series** 20

## Physical Properties

**Dimensions** 137 x 90 x 51 mm

**Net Weight** 0.8 KG

**Shell Material** Aluminium Alloy

## Compatibility & Usage

**Compatible Equipment** Electric Bike, Motorcycle, Scooter, Cleaner, Golf Cart

**Warranty** 12 Months

## Compliance

### Certifications

CE
