

Lithium-Ion Rechargeable Battery Pack for Electronics

This high-capacity lithium-ion rechargeable battery pack is designed for various electronic devices. It features a multi-wire connector, ensuring easy integration and reliable power delivery within a durable white housing.

Product Overview

High-Performance Power Solution

This lithium-ion rechargeable battery pack is engineered to provide reliable and efficient power for demanding electronic applications, such as vacuum cleaners. Featuring a robust, durable white housing, it is designed for longevity and easy integration into your devices. The pack utilizes a multi-wire connector system to ensure stable power delivery and seamless connectivity.

Technical Specifications

Rated Voltage

14.8 V

Voltage

Capacity

2900 mAh

Capacity

Chemistry

Lithium-ion

Usage & Compatibility

Primary Application

Vacuum Cleaners, Electronic Devices
