

Loader Bucket Adapter for Caterpillar J250

This loader bucket adapter is designed for Caterpillar J250 loaders. It facilitates the secure attachment of loader teeth to the bucket for efficient material handling.

Product Overview

High-Performance Loader Bucket Adapter

This loader bucket adapter is a precision-engineered component designed to facilitate the secure attachment of ground-engaging tools. Constructed from high-strength alloy steel using a specialized lost wax casting process, it offers exceptional durability for heavy-duty excavation and material handling. The unit is built to withstand demanding operational conditions, ensuring reliable performance and reduced maintenance downtime.

Technical Specifications

Part Number	3G4259
Material	Alloy steel
Size Class	J250
Weight	10.1 kg
Hardness	33-38 HRC
Impact Resistance	18 J

Manufacturing & Quality

Available Colors

Yellow • Black • Green • Gray

Manufacturing Process	Lost wax casting
Quality Standards	ISO9001:2008

Logistics & Service

Typical Lead Time	15-40 days
Inquiry Response Time	Within 24 hours
