

Low-Speed Flatbed Utility Truck

This is a low-speed goods vehicle with a flatbed. The vehicle is designed as a light-duty truck for local transport.

Overview

Compact Utility Solution

The C13 low-speed goods vehicle is a purpose-built utility truck designed for efficient local transport and light cargo handling. Featuring a single cab configuration and a durable flatbed design, this vehicle offers a straightforward, reliable solution for short-distance logistics. Its compact build and simple mechanical design make it an ideal choice for navigating tight spaces in industrial or commercial environments.
