

LT2500N-3 Gasoline Generator

This gasoline generator is designed to provide a reliable power supply in various applications. Its automatic voltage regulator (AVR) maintains stable voltage, protecting sensitive electronic equipment.

Overview

Reliable Power Generation

The LT2500N-3 Gasoline Generator is a versatile power solution designed for both residential and commercial applications. Featuring a robust air-cooled, 4-stroke OHV engine, this unit delivers consistent performance for backup power or remote site operations. With an integrated AVR system, it ensures stable voltage output to protect sensitive equipment, while the durable frame construction guarantees longevity in demanding environments.

Power Output Capabilities

2 kW

Rated AC Output (Min)

3 kW

Max AC Output (Max)

5.1 kW

Engine Max Power

Technical Specifications

Detailed Technical Comparison

Feature	Model A	Model B	Model C
Engine Model	LT-168F	LT168F-1	LT-170F
Power (HP)	5.5	6.5	7.0
Displacement	163cc	196cc	210cc
Continuous Time	13h	12h	10h
Noise Level	65dB	67dB	69dB

Engine & Operation

Engine Features	Air-cooled, 4-stroke, OHV, Single Cylinder, Transistor Magneto
Starting System	Recoil/Electric

Fuel & Fluids

Fuel Tank Capacity	15 L
Lube Oil Capacity	0.6 L

Physical Dimensions

Net Weight

- 40kg
- 43kg
- 45kg

Dimensions (LxWxH)

640x455x450 mm

Electrical

AC Frequency

50/60Hz
