

LTD75 LED Light Kit

The LTD75 LED light kit features an array of multiple LEDs arranged in a grid pattern, providing a bright and uniform light output. Designed for security and emergency lighting, it is suitable for use in vehicles, trailers, or industrial equipment.

Product Overview

Professional Grade LED Lighting

The LTD75 LED Light Kit provides a reliable and high-visibility lighting solution designed for industrial, security, and vehicular applications. Featuring a robust metal housing with a durable amber lens, this unit delivers a bright and uniform light output via its high-density LED grid. It is built to withstand harsh environmental conditions, making it an ideal choice for trailers, industrial equipment, and emergency vehicle mounting.
