

Machinist Tool Set with Cutters and Tongs

This set includes assorted cutters and tongs for machining or woodworking. The tools are organized in a wooden storage box and made of hardened steel for durability.

Product Overview

Precision Machinist Tool Set

This comprehensive machinist tool set features a curated selection of assorted cutters and tongs designed for high-precision machining and woodworking applications. Each tool is crafted from hardened steel, ensuring durability, longevity, and consistent performance under demanding conditions. The set is neatly organized in a dedicated wooden storage box, which includes a hinged lid and secure clasp for organized protection and easy transport.
