Product Overview

Magnetic Hook Fasteners

These magnetic hook fasteners are designed for versatile holding and hanging applications in industrial and commercial environments. Featuring a robust steel casing, the design significantly enhances magnetic force on direct contact surfaces, ensuring a secure and reliable grip. The integrated hook mechanism allows for rapid deployment and easy attachment of tools, equipment, or signage, making them an essential solution for organizational efficiency.

Technical Specifications

Dimensions and Holding Force

Model	Diameter (mm)	Dead Weight (g)	Holding Force (N)
POTN08-10H	10	5	15
POTN08-12H	12	7	20
POTN08-16H	16	12	80
POTN08-20H	20	21	120
POTN08-25H	25	33	220
POTN08-32H	32	54	340
POTN08-36H	36	64	410
POTN08-42H	42	93	680
POTN08-48H	48	150	780
POTN08-55H	55	231	1020
POTN08-60H	60	283	1200
POTN08-70H	70	531	1530
POTN08-75H	75	555	1780
POTN08-80H	80	744	2000

Design Features

Steel Casing, Integrated Hook, High Holding Force, Versatile Mounting
