Product Overview

High-Performance Maintenance-Free Power

The MF N200 is a robust, maintenance-free battery engineered for reliable cranking power in heavy-duty truck applications. Its sealed design eliminates the need for water refilling, ensuring safe and consistent performance while resisting corrosion. Built with durable lead-acid technology and a high-impact PP container, this battery is designed for long-lasting operation in demanding conditions.

Technical Specifications

Rated Voltage	12 V
Rated Capacity	200 AH
Dimensions (L*W*TH)	520 * 265 * 240 mm
Gross Weight	50 kgs
Group Number	H52
Model Number	MFN200

Construction & Materials

Maintenance Type

Free Maintenance • Sealed

Construction Materials

Component	Material
Internal Metal	Lead and Acid
Container	PP
Separator	PE

Compliance & Applications

Primary Applications

- Cranking Truck

Certifications

ISO9001, ISO14001, OHSAS18001, CE, UL
