

Manual Chain Hoist

This chain hoist is designed for lifting heavy loads with ease and safety. It features high-strength alloy steel components and precision-machined gears for smooth and efficient operation.

Overview

Heavy-Duty Manual Chain Hoist

This manual chain hoist is engineered for demanding industrial, construction, and automotive lifting applications. It features a robust construction with high-strength alloy steel components, ensuring durability and reliability under heavy loads. With precision-machined gears and a compact design, it offers smooth, efficient operation even in confined spaces.

Performance Metrics

Working Load Limit

5 TON

Working Load

20 TON

Breaking Strength

Standard Lift Height

3 m

Construction & Materials

Chain Specifications

Component	Diameter	Finish
Lifting Chain	10	Black
Hand Chain	4.8	Galvanized

Material

20Mn2 Steel

Safety & Features

Safety Features

Safety Latch • High-Strength Alloy • Precision-Machined Gears
