

Manual Handheld Sprayer

This is a manual handheld sprayer. It is used for watering plants.

Product Overview

Professional Mist Duster

This manual handheld sprayer is designed for efficient misting applications, featuring a robust 42.7cc petrol engine. Its ergonomic and fashionable aluminium frame provides structural integrity while remaining manageable for field use. With a significant 14-litre container capacity and a reach of 10 metres, it offers professional-grade performance for agricultural or maintenance tasks.
