Overview

Manual Ice Cream Cone Forming Machine

This manual forming machine is designed for the efficient production of ice cream cones. It features a robust lever-operated system for precise shaping and utilizes a multi-cone mold plate for consistent output. The unit is built on a sturdy cabinet base to support mechanical operations and baking processes.

Technical Specifications

Cone Dimensional Specifications

Parameter	Type 1	Type 2
Height	102mm	75mm
Top Diameter	49mm	60mm
Angle	23°	14°
Bottom Radius	R5	R3

Model Identifier

BDPO-B

Supported Cone Types

Waffle Cone, Wafer Cone

Design & Operation

Operation Method

Manual • Lever-operated

Construction Features

- Multi-cone mold plate
- Array of cone-shaped mandrels
- Sturdy cabinet base
