

Manual Wood Cutting Hand Saw

This hand saw is designed for efficient cutting of wood and other materials. Its durable blade ensures long-lasting performance, while the ergonomic handle provides comfort during use.

Product Overview

Professional Wood Cutting Performance

This high-quality manual hand saw is engineered for efficient cutting of wood and various construction materials. It features a durable, resilient blade designed to maintain sharpness and provide long-lasting performance in demanding environments. With a focus on user comfort, the ergonomic handle design helps reduce hand fatigue during extended use, making it an ideal tool for both professional tradespeople and DIY enthusiasts.

Technical Specifications

Key Design Features

- Durable blade construction
- Ergonomic handle design
- Reduced fatigue grip
- High-efficiency cutting teeth

Model Identifier	DT1707
Suitable Applications	Woodworking, Construction, DIY Projects, Professional Trade
