

Marble Polishing Machine with 100mm Disc Diameter

This marble polishing machine has a maximum disc diameter of 100mm. It operates at 220V and features a no-load speed of 5000r/min.

Product Overview

High-Performance Marble Polishing Solution

The 7962U marble polishing machine is designed for professional stone finishing applications, offering a robust 1000W of input power. Engineered for efficiency, it delivers a consistent no-load speed of 5000r/min, ensuring smooth and precise results on marble surfaces. Its compact design and standard voltage compatibility make it a versatile tool for various workshop and on-site environments.

Technical Specifications

Rated Input Power	1000 W
Max Disc Diameter	100 mm
No-Load Speed	5000 r/min

Electrical Requirements

Rated Voltage	220 V
Rated Frequency	50/60 Hz

Logistics & Dimensions

Packing Size	44.5 x 29.5 x 30.5 cm
