Product Overview

High-Performance Marine Exhaust Solution

This high-performance marine exhaust muffler is engineered for optimal noise reduction and efficient exhaust flow management. Constructed from premium, polished stainless steel, it offers exceptional durability and corrosion resistance, making it ideal for harsh marine environments. Its compact, cylindrical design and integrated mounting brackets ensure easy installation across a wide range of marine applications, from recreational boats to commercial vessels.

Technical Specifications

Compatible Applications

- Recreational boats
- Commercial vessels
- Yachts
- Industrial marine equipment

Material	Polished Stainless Steel
Design Type	Cylindrical with internal baffling

Performance Features

Key Performance Indicators

100 %

Corrosion Resistance

0 minimized

Backpressure

Standards & Compliance	Noise Emission Compliant, Backpressure Optimized, Marine Grade
------------------------	--

Installation

Mounting & Integration

- Integrated mounting brackets
- Easy installation design
- Standard inlet/outlet connections
