

Marine Immersion Suit with Buoyancy Pillow

This marine immersion suit is constructed from 5mm-thick neoprene for thermal insulation in cold water. It includes an integrated buoyancy pillow, eliminating the need for a separate lifejacket.

Product Overview

Professional Marine Safety

The Marine Immersion Suit with Buoyancy Pillow is engineered for survival in harsh maritime environments. Crafted from premium waterproof neoprene, it offers superior thermal insulation to protect users in cold-water emergencies. This professional-grade gear includes an integrated buoyancy pillow, hood, and gloves for complete thermal coverage and buoyancy support.

Technical Specifications

Material	High-quality waterproof neoprene
Design Features	Integrated Hood, Integrated Gloves, Buoyancy Pillow, Waterproof Zipper

Safety and Visibility

Visibility Features

- High-visibility color
- Reflective tape on arms
- Reflective tape on legs

Certification Status

Waterproof Seal • Thermal Insulation

Applications

Suitable For

- Commercial Ships
- Fishing Boats
- Offshore Platforms
