

Marine Shackle

This shackle is suitable for shipbuilding and marine applications. It is designed to provide a strong and reliable connection for lifting and rigging.

Product Overview

Industrial Grade Marine Shackle

This heavy-duty U-shaped marine shackle is engineered for demanding lifting and shipbuilding applications. Designed with structural integrity for high-load operations, it offers reliable performance in harsh marine environments. Its robust construction ensures longevity and safety for critical marine engineering tasks.

Technical Specifications

Finish and Material

Coated Metal • High-Visibility Red

Component Type	Marine Shackle / Lifting Lug
Primary Applications	Shipbuilding, Marine Engineering, Heavy Lifting
