

Medium-Duty Cargo Transport Truck

This is a medium-duty truck designed for transporting goods. It features a box-shaped cargo container mounted on the chassis, providing ample space for various types of cargo.

Overview

Medium-Duty Cargo Transport Truck

This medium-duty cargo transport truck is engineered for versatile goods transportation across urban and intercity environments. Featuring a spacious box-shaped cargo container mounted on a robust chassis, it provides reliable capacity for diverse commercial requirements. The vehicle is finished with a distinct blue cab and matching container, incorporating safety-conscious design elements like reflective side markers.
