

# Metal Band Saw - 180 mm Round Cutting Capacity

This metal band saw features a user-friendly safety switch and solid casting for silent operation. The saw bow lowers via a hydraulic support cylinder with an infinitely variable throttle valve and automatically switches off after cutting.

## ADDITIONAL IMAGES

## Overview

### Precision Metal Cutting Performance

This metal band saw is engineered for challenging sawing tasks, offering robust construction and high-performance operation. It features a solid casting design for stability and silent operation, ensuring precise and consistent cuts for professional applications. Equipped with advanced safety features and hydraulic control, it provides an efficient and user-friendly experience for industrial metalworking.

## Technical Specifications

### Motor Power

**750 W**  
High Power

**550 W**  
Low Power

### Saw Band Speed

88 m/min

### Saw Band Dimensions

2360 x 19 x 1 mm

## Cutting Capacity

### Cutting Range

Angle	Round (Ø)	Rectangular
0°	180 mm	180 x 240 mm
45°	110 mm	170 x 110 mm

## Machine Dimensions

### Machine Dimensions

- Length: 1200 mm
- Width (no limit stop): 450 mm
- Width (with limit stop): 720 mm
- Height (lower position): 1050 mm
- Height (upper position): 1600 mm

### Weight

**130 kg**

Net Weight

**150 kg**

Gross Weight

## Features & Safety

### Construction

Solid casting • Silent operation • Ball bearing guide

### Safety & Control

IP 54 Safety Switch, Low-voltage release, Automatic switch-off, Hydraulic support cylinder, Variable throttle valve
