

Metal Cut-Off Saw

This metal cut-off saw delivers precise and efficient cutting for various metal materials. It incorporates a robust motor, durable cutting wheel, and adjustable workpiece clamp for secure and accurate cuts.

Product Overview

High-Performance Metal Cut-Off Saw

This high-performance metal saw is designed for precise and efficient cutting of various metal materials. Equipped with a robust 2200W motor and a durable 355mm cutting wheel, it ensures reliable operation for professional metalworkers. The sturdy construction, combined with an adjustable workpiece clamp and safety features like a spark deflector, provides both accuracy and user protection in demanding workshop environments.

Technical Specifications

Model Number	KCS355I
Power Output	2200 W
No-Load Speed	1500 RPM
Blade Diameter	355 MM

Cutting Capacity

Maximum Cutting Capacities

Material Type	90° Capacity	45° Capacity
Round Steel	130mm	-
Square Steel	120mm	80mm
Rectangle Steel	95x180mm	-
Angle Steel	-	78x110mm

Features

Key Features

Robust Motor • Adjustable Workpiece Clamp • Safety Guard • Spark Deflector • Durable Construction
