

Metal Cutting Grinding Wheel

This grinding disc is designed for metal, inox, and steel applications. It measures 100x6x16mm (4x1/4x5/8") and is made with A24R-BF abrasive.

Product Overview

High-Performance Grinding Solution

Engineered for durability and consistent performance, these grinding wheels utilize premium abrasive grains and heavy-duty fiberglass reinforcement. Designed to minimize downtime and maximize output, they offer a reliable solution for heavy-duty metal fabrication tasks. Manufactured under rigorous quality control standards, these wheels ensure safety and efficiency for professional applications.

Technical Specifications

Dimensions	100 x 6 x 16 mm (4 x 1/4 x 5/8 inch)
Abrasive Specification	A24R-BF

Performance Metrics

Maximum Speed

15200 RPM
Max RPM

30 m/s
Linear Speed

Compatibility & Usage

Suitable Materials	Metal, Inox, Steel
--------------------	--------------------

Safety & Compliance

Safety Standards

EN 12413

Safety Precautions

- Do not exceed maximum speed
- Always use a safety guard
- Wear eye protection
