

Metal Forming Machine Side Cutter

This side cutter is designed for metal forming machines. It ensures efficient and accurate material processing.

Product Overview

Heavy-Duty Side Cutter Components

These high-performance side cutters are designed for heavy-duty excavation and metal forming machinery. Engineered for longevity and optimal material processing, these components ensure precision and durability in demanding industrial environments. The range includes various tooth and adapter configurations to suit a wide spectrum of equipment requirements.

Compatibility

Compatible Equipment Series

- PC Series (20-400)
- E Series (70B-330)
- EX/ZX Series (30-450)
- SK Series (045-400)
- R Series (55-305)
- EC Series (55-360)
- HD Series (250-1880)
- MS Series (070-180)
- DH Series (55-300)
- SH Series (60-330)

Technical Specifications

Bucket Tooth Specifications

Model	Part No.	Description	Weight (kg)
PC60	20X-70-00150	Rock Chisel	1.58
PC100	203-70-74281	Rock Chisel	2.32
PC120	09244-02496	Standard	3.5
PC200	09244-02496	Standard	3.8
PC300	09244-02516	Standard	7.85
PC400	09244-03036	Standard	10.2
PC650	209-70-54240	Standard	28
PC1250	21N-72-00060	Rock Chisel	52.65

Adapter Specifications

Model	Part No.	Description	Weight (kg)
PC60	PC60Z-1	Weld On	2
PC100	PC100Z	Weld On	2.77
PC200	20Y-70-14520	Weld On	6.78
PC300	206-939-5120	Weld On	12
PC400	208-939-3120	Weld On	19.2
PC650	209-70-74140	Weld On	48.5
