

Metal Halide Lamp with Aluminum Profile

This is a single-head, box-type metal halide lamp. It uses a G12/70W/P30 light source and is made of aluminum profile.

Product Overview

Professional Box-Type Metal Halide Lighting

This high-performance single-head metal halide lamp is constructed from premium aluminum profile, ensuring durability and efficient heat dissipation. Engineered with a G12 socket and 70W light source, it provides consistent illumination ideal for commercial or professional environments. The compact box-type design is specifically optimized for recessed installation with a standard 165x165mm opening.
