Product Overview

Reliable Power for Everyday Devices

This metal jacket carbon-zinc battery provides a dependable power source for a wide range of electronic devices. Designed with a focus on durability and safety, it features a leak-proof construction to protect your equipment. These batteries are engineered to be environmentally friendly, containing zero mercury and cadmium, making them a responsible choice for bulk sourcing.

Technical Specifications

Chemical System	Carbon-zinc (Zn-MnO ₂)
Nominal Voltage	1.5 V
Shelf Life	3 years
Available Sizes	D, C, AA, AAA, 9V

Compliance & Standards

Standards Compliance

- IEC Standard
- ROHS
- EU Battery Directive 2006/66/EC

Environmental Features

Mercury Free • Cadmium Free

Quality & Construction

Jacket Integrity

- No stains
- No deformation
- No leakage
- No cracks
