

Metric Impact Socket Set, 24-46mm, 10-Piece

This set includes ten sockets ranging from 24mm to 46mm. It is designed for use with impact wrenches and drivers and comes in a blowmold case.

Product Overview

Professional Grade Impact Socket Set

This 10-piece metric impact socket set is engineered for heavy-duty applications, including automotive repair and construction. Designed for use with impact wrenches and drivers, these sockets are built from durable chrome vanadium steel for superior longevity. Each piece features a black oxide finish that provides excellent corrosion resistance and allows for quick size identification on the job site.
