

Mini Dual-Tub Washing Machine

This mini washing machine is a compact and efficient appliance designed for household use. It features a top-loading design with a dual-tub system for washing and spin-drying.

Product Overview

Compact Dual-Tub Washing Solution

The ST4 mini dual-tub washing machine is a highly efficient appliance specifically engineered for small living spaces and light laundry loads. Featuring a top-loading design, it incorporates a convenient dual-tub system that allows for simultaneous washing and spin-drying. Its durable plastic construction ensures longevity, while the intuitive control panel allows users to easily manage wash cycles and settings.
