Product Overview

Compact Lifting Solution

This mini electric wire rope hoist is engineered for efficient lifting in construction, workshops, and garages. Its compact, robust design allows for reliable operation in confined spaces, supported by a high-performance electric motor. Equipped with essential safety mechanisms and a user-friendly control system, it offers a versatile solution for various industrial lifting tasks.

Technical Specifications

Maximum Lifting Weight

400 kg

Max Capacity

Maximum Lifting Height

12 m

Lift Speed

10/5 m/min

Power Source

Electric

Rated Voltage

AC 220/230V 50/60 HZ

Certifications & Compliance

Certifications

CE

Warranty

1 year

Logistics & Availability
