

Mini Garden Tiller with 141cc Engine

This mini garden tiller is a compact and powerful tool for tilling and cultivating soil. Equipped with a 141cc Ducar OHV engine, it provides ample power for breaking up compacted soil and preparing seedbeds.

Overview

High-Efficiency Compact Tilling

This mini garden tiller features a compact and ultra-lightweight design, making it ideal for maneuverability in small to medium-sized gardens. Powered by a robust 141cc OHV engine, it delivers strong performance while maintaining excellent fuel efficiency. Ergonomic handles and adjustable settings ensure comfortable operation for various soil preparation tasks.

Engine Performance

Engine Performance

141 cc

Displacement

OHV

Engine Type

Efficiency

Excellent oil saving performance with lowered fuel consumption

Operational Features

Handling & Ergonomics

- Ergonomic operating handle
- Flexible speed and height adjustment
- Simple operation
- Quick blade change system

Tilling Capability

Adjustable tilling depth and width with durable steel tines

Compliance & Standards

Regulatory Compliance

EPA, CARB, EURO-V, REACH, RoHS

Applications

Recommended Environments

Gardens • Agriculture • Small-scale Farming • Seedbed Preparation
