

Mini Hose Clamp - Stainless Steel

This mini hose clamp is designed for securing hoses and tubes in various applications. Constructed from durable stainless steel, it offers corrosion resistance and ensures a reliable seal.

Product Overview

Compact Sealing Solution

This mini hose clamp is engineered for securing hoses and tubes across diverse industrial, automotive, and plumbing applications. Constructed with a 300-grade stainless steel band and housing, it provides excellent resistance to corrosion and ensures a reliable, long-lasting seal. The design features a convenient 1/4" hex head screw for easy adjustment and tightening, making it an ideal choice for environments where space is limited.

Material Specifications

Band Material	300 Grade Stainless Steel
Housing Material	300 Grade Stainless Steel
Screw Material	Carbon Steel

Technical Details

Screw Head Type	1/4" Hex Head
Common Applications	Automotive, Plumbing, Industrial
