

# Mini-Split Air Conditioner Wall Mounting Brackets with Vibration Dampers

These L-shaped brackets provide a stable platform for mounting mini-split air conditioner outdoor units to exterior walls. The brackets include rubber vibration dampers to minimize noise and prevent damage.

## ADDITIONAL IMAGES

## Product Overview

Heavy-duty L-shaped mounting brackets designed for durability and weather resistance.

## Heavy-Duty Mini-Split Mounting System

These L-shaped wall mounting brackets provide a secure, stable, and durable platform for mini-split air conditioner outdoor units. Engineered for versatility and performance, the system includes integrated rubber vibration dampers to minimize noise transfer and protect exterior walls. The thoughtful design features a rivet-connected folding mechanism for convenient transport and bolt-fixed assembly for reliable, long-term installation.

## Technical Specifications

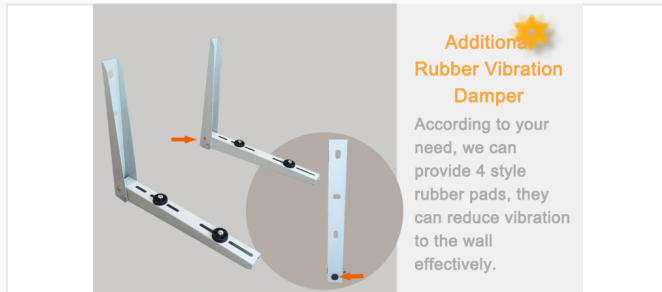

### Model Specifications

Model	Bottom Bar (mm)	Vertical Bar (mm)	Thickness (mm)	Net Weight (kg)	Loading (kg)
F450	450	400	1.5	2.4	100
F500	500	400	1.5	2.6	100
F550	550	400	2	3.6	200
F650	650	450	2	4.2	200

## Material & Construction

Material Composition	Cold-rolled steel, Zinc-coated steel, Epoxy resin coating
Finish Color	RAL 9003

## Features

### Additional Rubber Vibration Damper

According to your need, we can provide 4 style rubber pads, they can reduce vibration to the wall effectively.

Integrated rubber vibration dampers are included to effectively reduce noise and vibration transfer to the wall.

### Rivet Connected Bolts fixed Bracket

This ac bracket designed very thoughtfully, position "1" use rivet connected, is convenient to fold and transport, then position "2" use bolts fixed tightly, very easy to install.

Thoughtful design: rivet connections allow for easy folding, while bolt fixings ensure a secure installation.

### Installation Features

- Rivet-connected folding design for transport
- Bolt-fixed assembly for secure mounting
- Rubber vibration dampers included
- Adjustable support arms

## Packaging & Logistics

### Packaging Details

- Individual carton: 500 x 80 x 60 mm
- Outer carton: 540 x 270 x 140 mm (6 sets per carton)
- Pallet dimensions: 1200 x 1000 x 800 mm
- Quantity per pallet: 720 sets
