

Mini Split Lineset Duct Kit

This mini split lineset duct kit provides a protective cover for air conditioner lines. Constructed from PVC, it offers a clean and professional way to conceal and protect refrigerant lines, drain lines, and electrical cables.

ADDITIONAL IMAGES

Overview

Comprehensive kit including straight sections, elbows, and end caps for a professional installation.

Professional Mini Split Line Set Protection

This high-quality PVC duct cover kit is designed to conceal and protect air conditioner refrigerant lines, electrical wiring, and drain hoses. It provides a clean, professional finish for both residential and commercial mini-split installations while safeguarding components from environmental damage. The modular design ensures quick installation and a seamless fit for various architectural configurations.

Key Features

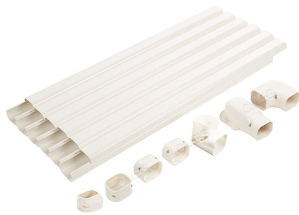

Aesthetically pleasing enclosure for refrigerant lines and electrical cables.

Main Features

- Quick installation with components that separate in the middle
- Anti-aging PVC material for long-term pipe protection
- Weather-resistant and UV-stabilized for outdoor durability
- Paintable surface to match building exterior or interior decor
- Impact-resistant construction to prevent physical damage

Technical Specifications

Durable PVC ducting protects lines from UV exposure and weather damage.

WIDELY APPLICATION

OUTDOOR

INDOOR

Versatile design suitable for both indoor and outdoor environments.

Application Environment

Indoor • Outdoor

Material Properties

Anti-aging PVC, UV-Resistant, Weatherproof, Paintable, Fire-Retardant, Impact-Resistant

Model Variants

Model Specifications & Packaging

Model	Sets per Carton	Weight (kg/carton)	Carton Dimensions (m)
QD-8-W	8	10.6	2.01 x 0.18 x 0.1
QW-8-W	36	5.1	0.5 x 0.4 x 0.3
QC-8-W	72	6.3	0.5 x 0.4 x 0.3
QP-8-W	42	4.6	0.5 x 0.4 x 0.3
QJ-8-W	168	6.6	0.5 x 0.4 x 0.3
QE-8-W	264	8.2	0.5 x 0.4 x 0.3

Components

Precision-engineered elbows allow for clean routing around corners.

System Components

- Straight Ducts (QD-8-W)
- Wall Entry Covers (QW-8-W)
- Couplings (QC-8-W)
- 90° Plane Elbows (QP-8-W)
- End Caps (QE-8-W)
- 90° Wall Elbows (QJ-8-W)
