Overview

Professional Misting Control

This high-performance misting tap timer is engineered for hot weather management, making it an ideal solution for cooling balconies, pet areas, and maintaining optimal moisture for plants. Featuring a user-friendly one-click setup, it offers precise control over watering duration and frequency to ensure efficient cooling and hydration. The device is built for durability with an IP54 waterproof and dustproof rating, ensuring reliable operation in outdoor environments.

Technical Specifications

Watering Duration Options

- 3 sec
- 5 sec
- 10 sec
- 15 sec to 55 sec (12 options total)

Watering Frequency Options

- 1 min - 7 min
- 10 min
- 15 min to 30 min (12 options total)

Maximum Flow Rate

35 L/Min

Max Flow Rate

Working Pressure Range

0.5 bar - 5 bar (10-72.5 PSI)

Compatibility & Environment

Compatible Thread Types	3/4" BSP, 1" BSP, 3/4" NH, 1" NH
Operating Temperature	3°C to 50°C (37°F - 122°F)

Power & Durability

IP Rating	IP54
Power Requirements	3x AAA Alkaline Batteries (Approx. 1 year life)
Valve Technology	Diaphragm solenoid valve
