

# Mixed Metal Scrap

Mixed metal scrap comprises various ferrous and non-ferrous metals. These materials are suitable for recycling and resource recovery.

## Product Overview

### Mixed Metal Scrap Overview

This mixed metal scrap collection consists of a diverse range of ferrous and non-ferrous materials sourced from engineering and construction environments. The assortment is suitable for large-scale recycling operations and industrial processing. Designed for buyers seeking raw material recovery, this lot offers a versatile mix of steel, aluminum, and various alloys.

## Material Composition

### Condition

Recyclable • Industrial Scrap

### Included Materials

Ferrous Metals, Non-Ferrous Metals, Aluminum, Steel, Alloys

### Primary Source

Engineering and Construction Projects
