

Mobile 5-Drawer Tool Trolley

This mobile tool trolley is equipped with five drawers featuring ball bearing slides. It has five-inch castors, two fixed and two swivel, for easy maneuverability.

Product Overview

Professional Tool Storage Solution

This robust 5-drawer mobile tool trolley is designed for high-efficiency organization in professional workshop and industrial environments. It features a durable powder-coated steel frame for long-lasting corrosion resistance and a stable wooden worktop for onsite tasks. Equipped with heavy-duty ball-bearing slides and a secure locking system, this unit provides both reliability and security for valuable tools.
