Mobile Agricultural Sprayer

This mobile sprayer is designed for efficient spraying applications. It features a durable frame, a powerful engine, and a large-capacity tank for consistent and effective operation.

Overview

Mobile Agricultural Sprayer Overview

The OS-80F is a robust and versatile machine engineered for efficient spraying applications in agricultural, horticultural, and industrial settings. It features a durable, high-strength steel tube frame that ensures stability and longevity in demanding working environments. Equipped with a powerful engine and a large-capacity tank, this unit is designed to maximize productivity by minimizing downtime. Its ergonomic design, combined with maneuverable wheels and an adjustable nozzle, allows for precise control and ease of operation.

Design & Construction

Frame Material	High-strength steel tubing
Mobility Features	Maneuverable wheels, Ergonomic design

Performance

Suitable Applications
Agricultural • Horticultural • Industrial

Spray Control	Adjustable nozzle for precise pattern control
