Overview

Mobile Power Solution

This trailer-mounted diesel generator set is a robust and mobile power solution designed for reliable electricity generation in demanding environments. Engineered for versatility, it features a soundproof enclosure to minimize noise pollution and a durable trailer chassis for efficient transport between job sites. Whether for construction projects, outdoor events, or emergency backup power, this unit ensures consistent and stable performance.

Technical Specifications

Rated Power Output

70 kVA

Power Capacity

Mobility Ratings

35 km/h

Max Transport Speed

Features

Control System

- Voltage Monitoring
- Current Display
- Frequency Monitoring
- User-friendly Interface

Operational Features

Silent Operation, Trailer Mounted, Weather Resistant, Overload Protection, Mobile Deployment
